

2009 Summer Undergraduate REU Program in Astronomy at IU; draft 090521

T May 26 Prof. Constantine Deliyannis: Welcome; General; tours
R May 28 Prof. Constantine Deliyannis: Kitt Peak Trip; Observing Exercise
Sa May 30 Departmental picnic at Goethe Link Observatory

T June 2 Prof. Kent Honeycutt: The Magic of CCDs
R June 4 Prof. Caty Pilachowski: About Kitt Peak

T June 9 Prof. Kent Honeycutt: Tiny Stars, Big Explosions
R June 11 Group 1 departs for Kitt Peak

M June 15 Group 2 departs for Kitt Peak
T June 16 Group 1 returns from Kitt Peak
Sa June 20 Group 2 returns from Kitt Peak

T June 23 Informal Project Roundtable #1, part 1
W June 24 The Physics GRE (Graduate Record Exam)
R June 25 Informal Project Roundtable #1, part 2

T June 30 Prof. Kathy Rhode: Globulars, Galaxies, Dark Matter, and Black Holes
W July 1 Prof. Liese van Zee: Planning for Graduate School
R July 2 Prof. John Salzer: Fun With Galaxies

T July 7 Prof. Stuart Mufson: The NOvA experiment and IU's Role in Electronics
W July 8 Profs. Andrew Bacher & Liese van Zee: Discussion of Scientific Ethics
R July 9 Informal Project Roundtable #2

T July 14 Prof. Richard Durisen: Gas Giant Planet Formation
R July 16 Prof. Caty Pilachowski: Citizenship in Astronomy

T July 21
R July 23
F July 24 Final Presentations, Session I, SW 238 10am-12noon

T July 28
R July 30 Tala Monroe: Grad Student Perspective; From Spitzer ST to WIYN
F July 31 Final Presentations, Session II, SW 113 10am-12noon

Tuesday/Thursday meetings are in Swain West 238 at 12noon, except May 28 through June 4, which start at 11am.

Wednesday meetings (with Physics REU) are in Swain West 238 at 12noon.
